The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bcbsla.com or call 1-800-495-2583. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider or other underlined terms see the Glossary.
You can view the Glossary at www.healthcare.gov/sbc-glossary or call 1-800-495-2583 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	For network providers $4,550 individual or $13,650 family; for out-of-network providers $13,650 individual or $40,950 family	Generally, you must pay all of the costs from **providers** up to the **deductible** amount before this **plan** begins to pay. If you have other family members on the **plan**, each family member must meet their own individual **deductible** until the total amount of **deductible** expenses paid by all family members meets the overall family **deductible**.
Are there services covered before you meet your deductible?	Yes. Preventive Care and Wellness are covered before you meet your deductible.	This **plan** covers some items and services even if you haven't yet met the **deductible** amount. But a **copayment** or **coinsurance** may apply. For example, this **plan** covers certain **preventive services** without **cost-sharing** and before you meet your **deductible**. See a list of covered **preventive services** at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. $50 for pediatric dental. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this **plan** begins to pay for these services.
What is the out-of-pocket limit for this plan?	For network providers $8,150 individual / $16,300 family; for out-of-network providers $24,450 individual / $48,900 family	The **out-of-pocket limit** is the most you could pay in a year for covered services. If you have other family members in this **plan**, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	Premiums, Balance Billing Charges, and Health Care this plan doesn't cover	Even though you pay these expenses, they don't count toward the **out–of–pocket limit**.
Will you pay less if you use a network provider?	Yes. See **www.bcbsla.com** or call **1-800-495-2583** for a list of **network providers**.	This **plan** uses a **provider network**. You will pay less if you use a **provider** in the **plan's network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the **provider's** charge and what your **plan** pays (**balance billing**). Be aware, your **network provider** might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to see a specialist?	No.	You can see the **specialist** you choose without a **referral**.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
