## SAVE MONEY. USE A NETWORK DENTIST.

To take full advantage of your Blue Dental coverage, choose a dentist who participates in the Advantage Plus Network.\* Dentists in the Advantage Plus Network provide covered services at significant savings to you. Some dentists can save you even more money by accepting an allowance for non-covered services too, which includes services that go over your annual maximum. Dentists marked by the green **\$ave!** box under their names in the directory provide these discounts for non-covered services.

If you choose to visit an out-of-network dentist, you may be subject to higher fees and may be required to submit claims yourself.
